

Tour your school in French

Today we will record a tour of your school in French to help a French speaking visitor.

Think about the important things you would need to show someone new to your school.

You will need:

- A director
- A reporter
- A producer
- A camera operator

Step-by-Step

1 First, film 'le salle de classe'. Make sure the Reporter pronounces the classroom correctly in French!

2 Film 'le hall' as the Reporter announces what room it is. Try not to get other groups in your "shot"!

3 Film 'la cour'. You can do this through the window or outside, ask your teacher which one you should do.

4 Film the 'le couloir', making sure you can see everything on the walls properly.

Reporter: Make sure you say things in both English and French so everyone can understand the film!

Vocabulary

Le salle de classe = the classroom

Le hall = the hall

La cour = the playground

Le couloir = the corridor

What did you learn?

What was your role?

Why was your role important?

How could your video help someone?
